BE A PART of the Indiana Bicentennial!

Don't miss your opportunity to join in this once in a lifetime celebration!

Hoosier communities all across the state are showing their support and pride by joining in the 2016 Indiana Bicentennial Celebration.

In commemoration, Herman's Christmasland is proud to produce Torch Displays, approved by the Bicentennial Marketplace. They are made in the USA, manufactured by Hoosiers for Hoosiers in Pierceton, Indiana.

Both an 8 foot and 5 foot torch are constructed of powder coated steel. The 8 foot torch is ground mounted and lit with LED rope light to give a brilliant nighttime effect. Two 5 foot torches are available, one appropriate for light pole mounting and one for wall mounting, both with a high gloss powder paint. They all honor the State Flag and the Indiana Bicentennial Torch Relay.

3 ITEMS TO
CHOOSE
FROM

8 Foot Torch: \$500
(ground mount with LED lighting)

5 Foot Torch: \$250
(pole mount or wall mount)
